3M™ FASARA™ Glass Finishes

► Made from a durable polyester film with a pressure-sensitive adhesive backing

► Capture the look of custom etched, cut or sandblasted glass

► Choose from a variety of patterns created in collaboration with leading designers from across the globe

► Tailor the light, privacy and style of your space

► Whiteboard WH-111G can turn any glass surface into a writable, erasable canvas

Print Direction

Print direction runs down the length of the roll for most designs that are not Gradation.
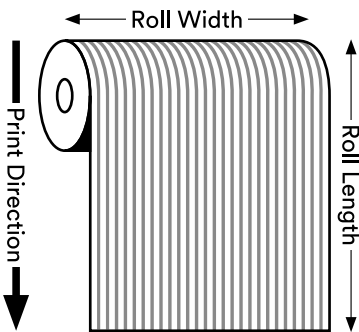

Print direction runs across the width of the roll for most Gradations.

Gradation Transmission

Clear Film
(Most Transparent)

For Gradations, percent is an estimate of Visible Light Transmission for the most transparent and least transparent sections of the pattern. These values are typical but not warranted.

Gradation Sheets

Seamless series

A new gradation series that can cover a large area of glass with a single sheet without seams. Based on the popular Illumina Dot Gradation, the product is designed to ensure privacy without creating a sense of closure. A total of three variations area available, including center gradation, which becomes transparent at both ends of the sheet, single gradation, which becomes transparent at one end of the sheet and privacy single gradation which has a larger gradation area for more privacy coverage. Provided in single panel sheets with the print direction down the sheet length, wound on a small roll.
